Dav, Dwarka

BACHELOR OF ARCHITECTURE

Indira Gandhi Delhi Technical
University For women

2020 - 2025

ABOUT ME

I am an ambitious, hardworking, rational human who loves to be challenged to learn new things. Architecture, to me, is a multi-disciplinary subject that has helped me grow and view items from a different perspective. Through critical analysis and problem-solving techniques, I intend to establish a balance between the physical and the intangible aspects of design.
