PROFESSIONAL PROFILE

Hi! I'm Zarqa Rehman, a 4th year student at Indira Gandhi Delhi Technical University for Women, Delhi majoring in architecture. This folio comprises series of selected works which gives an insight of my architectural journey until now.

The projects depicted here features skills like conceptual brainstorming and design ideation and development, selected plans, elevations, sections and details, 3D views and renders.

Apart from this, I am an articulate writer, and have published five articles on digital platform. Also, I have been doing fashion and event photography. In future, I aim to further broaden my architectural horizons and reflect it in my work. To me architecture has been amalgamation of art and ideation, which mirrors in the society.

I want to consistently work towards my passion for architecture, and want to work closely with the people on ground for the upliftment of the society.
