## ABOUT ME

I constantly seek inspiration and stay updated on architectural trends by being actively involved in architectural conventions, museum visits, and ongoing building projects. I aim to create spaces that seamlessly blend with the environment and positively impact users. Skilled in hand rendering, creative as well as free-spirited mindset with an adaptable personality. Apt at conflict resolution and hardworking.

## EXPERIENCE

### Solar Decathlon India

Net - Zero Office Building

January 2022 - January 2023

- Finalist in Solar Decathlon India Net-Zero Building Challenge for students. Through this year-long initiative, gained hands-on experience in designing affordable, resilient, and net-zero-energy-water solutions for real projects. Guided by expert mentorship and online self-learning modules.

### QGIS Internship

June 2022

- Geospatial data analysis/ mapping. With hands-on experience in data manipulation, visualization, and spatial analysis. Effective in harnessing QGIS to generate insightful results.

### Acmeagrade Internship

June 2021

- Engaged in tasks that developed practical skills in drafting, 2D and 3D modeling, and technical drawings. Working closely with experienced professionals, gained experience in utilizing Autocad software to create precise and accurate architectural designs.
