INTERESTS

Sketching & Painting	Video Games
Travel Enthusiast	Webtoons

POSITIONS OF RESPONSIBILITY

UNNAT BHARAT ABHIYAN | 2021-2022
EVENT HEAD

STUDENT COUNCIL | 2021-2022
DEPARTEMENT COURSE HEAD

SOFT SKILLS

TEAMWORK	TIME MANAGEMENT
ADAPTIBILITY	PROBLEM SOLVING
LEADERSHIP	CRITICAL THINKING

EDUCATION

2019-2024	Bachelor's In Architecture Indira Gandhi Delhi Technical University For Women, India
2018	Central Board Of Central Education (CBSE) Lady Irwin Senior Secondary School, India

WORK EXPERIENCE

AICTE, SUMMER INTERNSHIP | June - August 2022
Shamshi Talaab Rejuvenation (Top 25 - National level)
The internship was conducted on National level by choosing a water body in your state and proposed a plan to rejuvenate it. Our site was Hauz-i- Shamshi, Mehrauli. A team of 12 students worked for 2 months, conducted surveys, Talked to the Jal Board officer about channeling of water. We carefully observed the ruins that was present adjacent to the Tallaab, took measured drawings and noted the conditions of the ruins. Then proposed a plan to rejuvenate the entire area and converting it into a place to conduct festive practices for the residents.

AND STUDIO, INTERNSHIP | Dec 202 - Jan 2023
Had the privilege of working with a dynamic team on diverse projects. I actively participated in concept development, creating 3D models, and producing detailed construction drawings. Collaborating with experienced architects, I gained valuable insights into sustainable design principles, building codes, and client interactions. My internship offered exposure to real-world challenges, honing my problem-solving and time management skills. Engaging in site visits and client meetings enriched my understanding of the entire design process.

COMPETITION

ZONAL NASA DESIGN COMPETITION | 2019
landfill Landscape

ANNUAL NASA DESIGN COMPETITION | 2020
Bus Terminal Design

80 HOUR DESIGN CHALLENGE | 2020
Toilet Design for Under-Privileged Girls

OBSERVATION AND ACTION NETWORK | 2021
Shelter Model for Residents of Yamuna Flood Plains
